2019 CALIFORNIA LEGISLATIVE SCORECARD

UFCW Western States Council supports policies that help California's working families get ahead and invest in their future. We are successful when California's legislators enact good policies to lift up our members - grocery workers, meat and poultry processors, cannabis workers, retail clerks, pharmacists, and healthcare workers alike. We strongly believe that our members should know where their elected representatives stand on issues that could significantly impact their lives.

This scorecard is a valuable tool for UFCW to evaluate how California's legislators voted on issues important to UFCW members such as consumer safety, workers' rights, and cannabis. We hope you are able to use this scorecard to offer your elected representatives feedback on their voting history.

The United Food and Commercial Workers Western States Council is the regional coordinating body of 11 UFCW local unions representing over 200,000 workers in California, Arizona, and Nevada. The Council is a part of the 1.2 million-member strong UFCW International Union. UFCW members are standing together to improve the lives of workers, families, and communities.

Legislators' scores are calculated on a weighted scale. Legislators acquire points by voting with UFCW positions on each bill. Committee votes are worth more points than floor votes and sponsored bills are worth more points than supported bills.

Floor votes: Sponsored bills are worth 2 points; supported bills are worth 1 point.

Committee votes: Sponsored bills are worth 3 points, supported bills are worth 2 points.

For purposes of this scorecard, a "not voted" (NV) is counted as a "no" on sponsored and supported bills. "Absent" (AB) denotes the member was absent on day of voting; an absence does not count against their score.
