2020 CALIFORNIA LEGISLATIVE SCORECARD

This year, UFCW Western States Council worked tirelessly with our locals, the Governor, elected officials statewide and locally, and other stakeholders to help our members, and all of California's workers, face hurdles the COVID-19 crisis threw at us and remove any barriers to critical benefits and protections they need to do their job while remaining healthy and safe.

UFCW members have been on the frontlines of the COVID-19 crisis since day one, serving their communities while everyone else was told to stay home. Policies that help California's working families get ahead, invest in their future and stay safe while weathering the pandemic were at the forefront of policies UFCW Western States Council advocated for during the 2020 legislative session.

We are successful when California's legislators enact good policies to lift up our members - grocery workers, meat and poultry processors, cannabis workers, retail clerks, pharmacists, and healthcare workers alike. And we strongly believe that our members should know where their elected representatives stand on issues that could significantly impact their lives.

That's why this scorecard is a valuable tool for UFCW members to evaluate how California's legislators voted on issues important to you and your fellow workers. We hope you are able to use this scorecard to offer your elected representatives feedback on their voting history on policies that promote workplace safety, advance workers rights, professionalize the cannabis industry, and protect our communities.

In 2021, UFCW will continue working closely with our elected leaders in the State Senate and State Assembly to ensure our members are protected as California weathers this new phase of the COVID-19 pandemic.

- Amber Baur, Executive Director, UFCW Western States Council

The United Food and Commercial Workers Western States Council is the regional coordinating body of 11 UFCW local unions representing over 200,000 workers in California, Arizona, and Nevada. The Council is a part of the 1.2 million-member strong UFCW International Union. UFCW members are standing together to improve the lives of workers, families, and communities.

WESTERN STATES COUNCIL

To find out how your Assemblymember and Senator voted in committee and on the floor, go to: ufcwwest.org/scorecard

Council President
Andrea Zinder, Local 324

Council Secretary | Treasurer
Kirk Vogt, Local 8

Council Recorder
Nam Le, Local 770

Executive Director
Amber Baur,
UFCW Western States Council

Legislators' scores are calculated on a weighted scale. Legislators acquire points by voting with UFCW positions on each bill. Committee votes are worth more points than floor votes and sponsored bills are worth more points than supported bills.

Floor votes: Sponsored bills are worth 2 points; supported bills are worth 1 point.

Committee votes: Sponsored bills are worth 3 points, supported bills are worth 2 points.

For purposes of this scorecard, a "not voted" (NV) is counted as a "no" on sponsored and supported bills. "Absent" (AB) denotes the member was absent on day of voting; an absence does not count against their score.

UFCW
a VOICE for working America
WESTERN STATES COUNCIL

SPONSORED BILLS

AB 685: (Reyes)

Mandatory COVID-19 Exposure Employee Notification In the middle of a global pandemic, employers had no legal obligations to inform their employees when there was a worksite exposure to COVID-19, leaving employees and their families in the dark. This measure mandates all employers to notify their employees within one-business day of a worksite COVID-19 exposure so workers can take the necessary precautions to protect themselves, their families, and their communities from exposure. **Status: Signed Into Law**

AB 2122: (Rubio)

Illicit Cannabis Activity Enforcement Upholding Proposition 64 voters' demands for a safe and regulated cannabis marketplace, this measure ensures unlicensed cannabis operators cannot participate in commercial cannabis activity such as advertising on a website, online service, or mobile application. **Status: Held Due to COVID-19 Pandemic**

AB 3262: (Stone)

Amazon Product Liability Brick-and-mortar retail stores can be held liable for defective products that are sold to consumers. Online marketplace platforms, such as Amazon, are not held to these same standards which leaves consumers vulnerable to injury and death from harmful products. This measure closes the liability loophole and holds online marketplace platforms to strict liability standards. **Status: Measure Held on Senate Floor**

SB 729: (Portantino)

Supplemental Paid Sick for Food Sector Workers The COVID-19 pandemic has highlighted the lack of adequate paid sick leave for workers in California. This measure provides two-weeks of supplemental paid sick leave for workers in the food sector exposed to COVID-19. **Status: Measure Held in Assembly Labor Committee**

SB 926: (Hill)

Banning Cashless Brick-and-Mortar A significant number of Californians, mainly low-income, people of color, and essential workers, who are unbanked or underbanked rely on cash transitions to purchase basic necessities like food. This measure ensures that brick-and-mortar retailers continue to accept cash. **Status: Measure Held in Senate Appropriations Committee**

Other legislation UFCW Western States Council sponsored in 2020:

AB 196 (Gonzalez) Workers Compensation COVID-19 Conclusive Presumption Workers' compensation provides workers who are injured on the job wage replacement and medical benefits. This measure establishes that any COVID-19 injury was sustained during the course of employment and would have resulted in faster benefits for injured workers. **Status: Measure Did Not Receive a Vote**

AB 310 (Santiago/Chiu) California State Public Bank The COVID-19 pandemic has severely impacted our state's economy resulting in loss of employment, small business closures, and millions of Californians struggling economically. This measure establishes a state bank that would keep local dollars in the community and reinvest them where people need it the most. **Status: Measure Did Not Receive a Vote**

AB 1360 (Ting) Consumer Protections for Food Delivery Drivers Grocery delivery conducted through technology platforms have minimal health and safety regulations, compared to brick-and-mortar grocery stores, to protect consumers from exposure to food-borne illness. This safety measure establishes basic standards for grocery delivery services, consistent with safety requirements imposed on brick and mortar grocery stores. **Status: Measure Held on Senate Floor**

AB 2540 (Cooper) Grocery Industry Workforce Development With changing consumer demands and shopping habits, the future of the grocery industry and the different employment opportunities are evolving. This measure requires the Labor and Workforce Development Agency (LWDA) to develop a labor-management training partnership to identify workforce training opportunities for the grocery industry. **Status: Held Due to COVID-19 Pandemic**
